Dear «td\_Clientfs\_FName»

The Illawarra Carer Respite Centre has recently provided support for you and «fs\_RecipTitle» «td\_Recipfs\_LName». To assist the Centre to maintain and improve its support for carers we would appreciate it if you could complete the following feedback sheet and return it in the envelope provided.

While we like to receive positive feedback about the support we provide, it is also important for you to let us know what you weren't happy about. It is only through this feedback that we can improve our services and ensure that you receive high quality support.

Please be assured that if you are not happy with the support, informing us about your concerns will not mean you are unable to receive further support. We feel that all feedback is necessary and essential to keep us informed and to help provide a service that meets the needs of carers. It is also important that we provide the organisations that provide the support on our behalf with information on the good and not so good elements of the service so that we can work together to improve these.

When we receive your feedback we would like to contact you to discuss any issues that you might have had and work out ways that these could have been prevented. Please indicate on the form if you wish to be contacted.

Yours sincerely

Narelle Campbell  
Coordinator
